PICOSUN AND EURIS TOGETHER AT SEMICON EUROPE 2008

HELSINKI, Finland, and Grenoble, France – October 3, 2008 – Finnish based Atomic Layer Deposition (ALD) reactor manufacturer Picosun Oy, and Euris Sarl, a French based semiconductor equipment distributor will both be present at the 2008 Semicon Europe trade fair, taking place from 7 to 9 October at the Stuttgart Trade Fair Centre in Stuttgart, Germany. Euris recently joined the network of Picosun Partners marketing Picosun's SUNALE™ range of ALD reactors in France, Germany, Ireland and the United Kingdom.

“We have finalized training Euris' sales force and they have expressed their complete confidence in being able, with Picosun products, to successfully introduce world's leading ALD equipment in these key markets,” says Kai-Erik Elers, Technical Applications Manager of Picosun.

“I am very much looking forward to fruitful discussions with present and future clients in Stuttgart,” Kai-Erik Elers says. He will personally be present at Euris' stand (stand # 452) supporting the sales staff of Euris.

Euris is a leading European semiconductor equipment distribution company with sales and services support offices located in Germany, France, UK and Italy. In Germany, Euris GmbH has offices in Tübingen and Dresden.

Picosun is an international ALD equipment manufacturer with world-wide sales and service organization. Picosun develops and manufactures Atomic Layer Deposition reactors for micro- and nanotechnology applications. Picosun represents continuity to over three decades of ALD reactor manufacturing in Finland. Picosun provides its customers with versatile, reliable and user-friendly ALD process tools, which offer unique scalability from research to production. Picosun is based in Espoo, Finland and has its US headquarters in Detroit, Michigan. SUNALE™ ALD process tools are installed in various universities, research institutes and companies across Europe, USA and Asia. Dr Tuomo Suntola, inventor of ALD technology, is Member of the Board of Directors of Picosun. World's most experienced ALD reactor designer Sven Lindfors is Picosun's Chief Technology Officer and one of the founders of the company. Picosun Oy is a part of Stephen Industries Inc Oy.
